

Analysis of Bakersfield Area Volleyball Clubs

1. Data: The boxes below contain the annual supporting data for each year between 2007 and 2013.

2. Analysis: The box to the right contains: club name, the annual average number of teams in each club, the overall SCVA finish of each club (as determined by taking the total of all team finishes for each club and dividing by the total number of teams in each club), the last column contains the total number of first place SCVA finishes by each club across all age groups from 2007 through 2013.

3. Objective Conclusions: 1.) Jamba Volleyball teams have finished first among all Bakersfield club teams in all age groups, 27 times out of 35 times (data highlighted in yellow). 2.) Among all Bakersfield teams in all age groups, Jamba teams average 45% better finish than the average teams of any other Bakersfield area volleyball club (data highlighted in blue).

4. Source of Data: All data was sourced from http://www.scvavolleyball.org/girls_standings.htm
